The offender has not complied with the following condition(s) of supervision:

Violation NumberNature of Noncompliance

#1

**New Law Violation:**

On March 5, 2006, Ranson was arrested on charges of Driving Under the Influence (DUI), Refusal of Chemical Test, and Unreasonable Control by the Cincinnati, Ohio Police.

The allegations are that Ranson was under the influence of alcohol and/or drugs at the time he was involved in a serious one car accident, in which his vehicle rolled over an embankment and flipped upside down. Ranson was transported to the hospital, where he was later released. While in police custody, he refused to take the breathalyzer.

#2

**Condition #7: You shall refrain from excessive use of alcohol and shall not purchase, possess, use, distribute, or administer any narcotic or other controlled substance, or any paraphernalia related to such substances, except as prescribed by a physician;**

On December 6, 2005 and February 10, 2006, Ranson submitted urine specimens which returned positive for usage of marijuana.

**U.S. Probation Officer Action:**

Ranson notified this officer of the situation, and denied being under the influence of any substance at the time of the accident. In addition, he stated there are some questions about how he was transported to and questioned at the hospital, and contends he is taking the case to trial.

Ranson admitted to the drug usage and insisted he is getting things together, especially after he nearly died in the car accident. He is required to attend two AA/NA meetings per week and has been subjected to rigorous drug testing requirements since February, and all specimens have been negative to date.

Based on his professed innocence and pursuing a trial, this officer is respectfully recommending no action be taken at this time to allow for the charges to be prosecuted.

Respectfully submitted,

Approved,
